

Meridian Systems
CUSTOMER SUMMIT 2012

The logo features the text 'Meridian Systems' in blue, followed by a red stylized triangle icon. Below this, 'CUSTOMER SUMMIT 2012' is written in blue, with '2012' in red. The background of the banner shows a white silhouette of a city skyline against a light tan gradient.

Vision and Upcoming Features for Prolog Mobile

Lance Tressler, Manager of Product Management

Jesse Lavine, Product Manager

Meridian Systems

Prolog Mobile Vision

- The tablet revolution is here and it is opening up exciting possibilities for our industry. Now more than ever, users can leverage mobile technology while on the jobsite, improving access to information and overall efficiency.

Prolog Mobile Vision

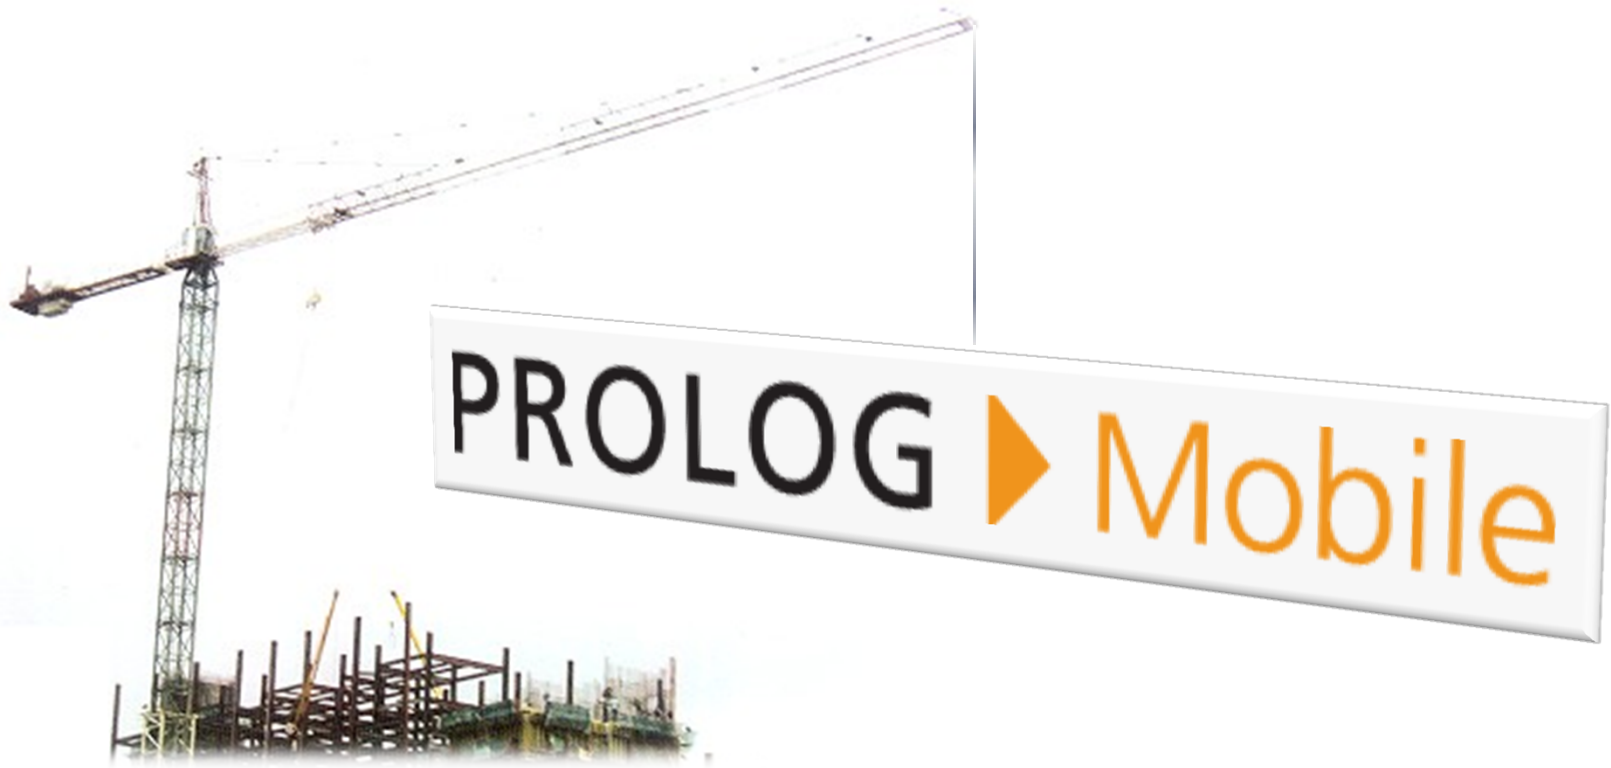

- While the tablet market is hot, it remains a consumer oriented platform. To truly add value on the jobsite, tablets need innovative construction management software.

Prolog Mobile Vision

- Using Prolog Mobile allows users to take the power of Prolog, the industry's leading construction management software, into the field – where construction happens, as it happens.
