

# Fill the void in your workforce.

You can't develop a business without developing a workforce. North Dakota University System is specialized to meet the specific needs of growing industries and area businesses!

## **Partner with a North Dakota Community College**

North Dakota's community colleges could be the next step to create a pipeline of smart, reliable workers. Many of our academic programs are developed in response to industry demand and workforce needs.

# NextStepND.com

North Dakota's five community colleges are part of the North Dakota University System.
